INTRODUCTION

The CMS 1500 claim form is used to bill for most non-facility services, including professional services, transportation, and durable medical equipment. Ambulatory surgery centers and independent laboratories also must bill for services using the CMS 1500. CMS-1500 (08/05) version became effective 1/1/2007. Effective April 2, 2007, AHCCCS will accept only this revised version. Minor changes have been made to the form in order to accommodate the National Provider Identifier (NPI) as well as current identifiers for a transition period until NPI is implemented. In order to distinguish this version from the previous versions, the 1500 symbol and the date approved

(08/05) by NUCC has been added to the top margin of the claim form.

- ☑ CPT and HCPCS procedure codes must be used to identify all services.
- ☑ ICD-9 diagnosis codes are required.
 - ✓ AHCCCS does not accept DSM-4 diagnosis codes, and behavioral health services billed with DSM-4 diagnosis codes will be denied.
